

Java Microservices Course

Structure

- Module 1: Microservices Fundamentals
- Module 2: Spring Boot Refresher
- Module 3: Building First Microservice
- Module 4: Communication Between Microservices
- Module 5: Spring Cloud Fundamentals
- Module 6: Service Discovery
- Module 7: API Gateway
- Module 8: Resilience & Fault Tolerance
- Module 9: Distributed Logging & Monitoring
- Module 10: Security in Microservices
- Module 11: Event-Driven Microservices
- Module 12: Distributed Transactions
- Module 13: Docker for Microservices
- Module 14: Kubernetes for Microservices
- Module 15: CI/CD for Microservices
- Module 16: Cloud Deployment
- Module 17: Microservices Design Patterns
- Module 18: Production-Ready Project
